

The QuickCheck service exemplifies the size and sophistication of VerifPoint's DENTAL database. Access the Internet to quickly, easily, and confidentially determine a basic credentialing profile for any **DENTIST** in the country. Each VerifPoint client is given a confidential password and account I.D. This will allow client dental plans, Dental IPAs, or dental service organizations real-time electronic Internet access to certain portions of VerifPoint's credentialing database.

## INSTANT DENTAL REPORTING

The QuickCheck service offers you:

- A background check of a prospective **DENTIST** prior to hire or contracting by a dental plan.
- A single, convenient source for primary source verification – specifically for those plans or dental service organizations that wish to keep the provider credentialing task in-house.
- A streamlined credentialing process for those dental organizations that are not impacted by stringent NCQA or other regulatory credentialing standards.
- A spot-check of any **DENTIST** to assure that the doctor's credentials have not changed since the last credentialing report.

Information accessed through Quickcheck is instantly available and can be simply viewed, saved or printed. Contained in the Quickcheck report are the following:

- State Licensing Status
- Verification of DEA license (when applicable)
- Board of Dental Examiners Report with any derogatories
- Medicare and Medicaid Sanctions
